🎓 EDUCATION

Diploma in Software Engineering (HDSE) | Aptech MSG

12/2023 – Present

In Progress (Started December 2023)

Intermediate (Pre-Engineering/CS) | Board of Intermediate Education Karachi

2026

Expected Completion: 2026

(Currently in Progress)

Matriculation, Grade: A+

09/2023

(Completed September 2023)

🧠 TECHNICAL SKILLS

Primary Expertise: React JS , Next.js, JavaScript (ES6+), Redux, Redux Toolkit (RTK).

UI/UX Frameworks: Tailwind CSS, Bootstrap , HTML5 , CSS3.

Backend & Database

Knowledge: PHP , Laravel , .NET (Basic Knowledge), MySQL , SQL, JSON.

Tools & Version Control: Git , GitHub.

Familiarity: Angular JS.

★ CORE COMPETENCIES

Building reusable components and front-end libraries for future use.
Translating designs and wireframes into high-quality, maintainable code.
Optimizing components for maximum performance across various web-capable devices.

Performance-driven React JS Frontend Developer with a strong foundation in building modern, responsive web applications. Expert in Next.js, Tailwind CSS, and state management using Redux Toolkit (RTK). Proven track record of integrating complex APIs and developing seamless user interfaces for procurement and food-service systems. Additionally possess working knowledge of Laravel, .NET, and Angular to support cross-functional collaboration.

📁 FEATURED PROJECTS

ProCure (Procurement System) 🔗 , [View Project](#)

Engineered the complete **Admin Portal (/admin)** and **Vendor Portal (/vendor)** with fully implemented user interfaces, workflows, and end-to-end API integrations. Developed complex state management logic to efficiently handle procurement processes, vendor operations, and approval flows.

ProCure Admin: <http://pro-cure-frontend.vercel.app/admin> 🔗

ProCure Vendor: <http://pro-cure-frontend.vercel.app/vendor> 🔗

Scrapeflow

Developed using Next.js to ensure high performance and optimized server-side rendering. Focused on creating a scalable architecture for data-driven components. (Nodes, workflows based web)

Enroute Web App

Developed responsive UI components, ensuring a smooth user journey across the application.

Jabchaho Food UI

UI creation of food-ordering interface using React.js and advanced CSS techniques.

Personal Portfolio & Clones
